TERM 1

Well the weeks are certainly flying past quickly and the students have maintained their high standards of learning and behaviour. Parents are to be congratulated for their part in developing these fantastic habits! It is so nice coming to work each day knowing that the students are eager to learn.

Over the coming weeks I will be developing the school's 2013 Annual Implementation Plan and Budget. When this is completed I will be able to share with you the overarching goals and targets for the year and the strategies that will be undertaken to ensure that every student is learning to their full potential every day.

I will be absent this Thursday as I am attending a regional professional development workshop in Maryborough on the 'Art and Science of Teaching' instructional framework that the schools in the

North Coast Region are adopting. Nancy Blowers will be the teacher in charge that day and I am looking forward to hearing the good reports about the students when I return.

Regards,  
Ian Marsden
